

# A02 - lagoon® Colour Transfer Reducer

Colour protection agent

**Part numbers**

432731099 (2 x 5L)

**Package**

5L

**Description**

Colour protection agent to reduce risk of dye bleeding and colour transfer for use in professional wet cleaning.

**Application**

A02 - lagoon® Colour Transfer Reducer should be applied concentrated in case dye bleeding is expected from certain textiles. The agent prevents or reduces risk of dye transfer and improves wet and colour fastness of direct dyes on natural fibres.

**Instructions for use****Prevent dyestuff transfers:**

To prevent dyestuff transfers, add manually 10 ml of A02 - lagoon® Colour Transfer Reducer per kg textiles to wash processes at the beginning of the wash. In case of treating textiles where dye bleeding happens frequently (e.g. Saree's) automatic dosing is possible.

**Physico-chemical properties**

Density: 1.01 g/ ml

pH: 8.1

**Storage**

Storage conditions: Keep only in original container. Store tightly closed in a dry and cool place. Store above 0°C (32°F). Shelf life of minimum 24 month in sealed container.
