

P01 - lagoon® Protein Remover

Spotting agent

Part numbers

432731094 (6 x 0.5L)

432731098 (2 x 5L)

Package

0.5L & 5L

Description

Spotting agent for the removal of stains caused by blood, albumin, food residues and protein. For use in professional wet cleaning.

Application

Apply P01 - lagoon® Protein Remover undiluted onto the stain, give approximately 15-25 seconds for the product to react, heat it with steam if required, and rub it in gently using a spatula or brush. Then, rinse with steam and water and blow it out with compressed air.

If required, repeat the treatment until the stain is removed.

Note on risks

Stain substances may already have damaged dyes and fabrics. However, such damage is often visible only after spotting has been performed. To avoid possible claims for compensation, customers should be made aware of potential risks and asked for their approval prior to beginning a treatment.

Physico-chemical properties

Density: 1.00 g/ ml

pH: 9.5 - 10.0

Instructions for use and storage:

Storage conditions: Keep only in original container. Store tightly closed in a dry and cool place. Store above 0°C (32°F). Shelf life of minimum 24 month in sealed container.

Safety
