

# P04 - lagoon® Ink Remover

Spotting agent

**Part numbers**

432731095 (6 x 0.5L)

**Package**

0.5L

**Description**

Spotting agent for the removal of stains caused by ink, color pigments and stains originating from color transfer.

For use in professional wet cleaning.

**Application**

Apply P04 - lagoon® Ink Remover undiluted onto the stain, give approximately 15-25 seconds for the product to react, heat it with steam if required, and rub it in gently using a spatula or brush.

Then, rinse with steam and water and blow it out with compressed air.

If required, repeat the treatment until the stain is removed.

**Note on risks**

Stain substances may already have damaged dyes and fabrics. However, such damage is often visible only after spotting has been performed. To avoid possible claims for compensation, customers should be made aware of potential risks and asked for their approval prior to beginning a treatment.

**Physico-chemical properties**

Density: 0.91 g/ ml

pH: 7.0 - 8.0

**Instructions for use and storage:**

Storage conditions: Keep only in original container. Store tightly closed in a dry and cool place.

Store above 0°C (32°F). Shelf life of minimum 24 month in sealed container.

**Safety**
