

# **Tumble dryer** TD6-45

### Exceptional savings and effortless use

### Priority on people

Certified ergonomic design with a human-centered approach for an outstanding

### Long-term savings

Innovative features to save money and time, and embrace a sustainable lifestyle

- · Moisture Balance (optional) helps to stop the drying process at the right time to save on energy costs
- Drum Speed Control adjusts the movement of the drum to help garments move correctly for a faster drying process

Monitor your equipment and performance from anywhere, allowing to take action and to improve your business with OnE Laundry - the personal assistant for hygiene validation management, process management and revenue management (optional)

### Outstanding productivity

Dry 2 loads in one hour

Reversing drum Minimizes wrinkles and drying time to get an effective and even drying performance

### Global Advanced Hygiene

Global Advanced Hygiene program package with proven log 6 reduction disinfection of textiles through the laundry process, fulfilling the criteria of all local

- I. program is available in the standard library of gas and electric heated dryers, excluding products for specific segments where temperature is not controllable
  II. log 6 reduction equals to 99,9999% viral infectivity reduction. The efficacy of reduction of SARS-CoV-2 and other pathogens in the process is confirmed by RISE (The Research Institute of Sweden) on the basis of Electrolux Professional laboratory data

Images shown are a representation of the product only and variations may

## Other options

- Stainless steel front and drum
- Frequency controlled drum motor
- Fresh air intake
- Kits available: Indicator lamp for finished drying cycle, Stop button and External light/sound

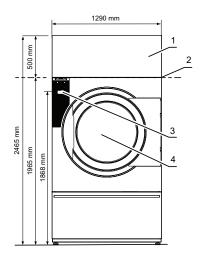

Main specifications			TDo	5-45		
Rated capacity, filling factor 1:20	kg / Ib	45 / 100				
Rated capacity, filling factor 1:18	kg / Ib	50 / 110				
Drum, volume	litre	900				
Drum, diameter	ø mm	1240				
Heating alternatives:
