

Barrier washers

Hyvolution range

WHB5500H

Features and benefits

- Two compartments drum with Pullman split, offering the best ergonomics and mechanical action
- Automatic inner drum positioning for fast and effortless loading and unloading operations
- Automatic outer door locking and unlocking with pneumatic system for maximum easiness and safety
- The largest inner drum door on the market, making loading and unloading operations fast and easy
- Silent operations and extraction management through the Electrolux patented Power Balance system
- Available in electrical, steam, gas or dual heating with steam and electrical
- Compass Pro control panel for a fast and easy selection of the wash program

Main options

- Automatic inner drum door opening at the end of the cycle for effortless and fast unloading operations
- Dual display (on the unloading side)
- Titration valve for decontamination and pH measurements
- Third water inlet for soft or recycled water
- Second drain for water reuse
- Detergent box for manual injection
- Stainless steel panels
- Clarus TS control panel (Touch Screen)
- Integrated weighing system to optimize loading operations
